

DYLAN DONCASTER

Computer & Software Engineering student

+34 680 365 383 dylandoncaster23@gmail.com

ABOUT ME

Third-year Computer Engineering student at the Universitat de Girona (UdG), with experience across systems programming, software engineering, and operating systems. Proficient in C, C++, Java, and Python, with hands-on work spanning low-level programming (interrupt-driven embedded development) to algorithmic systems. Comfortable adapting across the stack and picking up new tools quickly.

EDUCATION

2024 - present
Universitat de Girona (Spain)

3nd Year Computer Engineering Degree

Relevant Coursework: Data structures, Algorithms, Computer Architecture, Operating Systems, Embedded Systems, Software Design Methodologies

2022 - 2024
Institut Sta. Coloma Farners

Batxillerat technologic (16 - 18 y/o education)

Average mark: 8.01/10.0
Bonaplata Joves 2024 Category 'A' prize for my TdR (Research project)
3rd prize for Academic Performance (Sils townhall)

EXPERIENCE

2026 - present
Universitat de Girona (Spain)

Erasmus Buddies

Guiding incoming Erasmus students to adapt into a new study-space.

2025
Temps de Flors (Girona)

Public guide stand

Helping people find their way around the exhibits plus providing information about them

2023
Sils Town-Hall

Brigada Jove

Working in the local Library and Civic Centre. Administrative tasks and public information

TECH STACK

- Google Workspace
- C++
- Git
- Java
- Python
- Linux
- Bash
- PHP
- Jupyter
- SQL
- Arduino
- Docker

LANGUAGES

English (Native Speaker) | Spanish (Native speaker) | Catalan (Native speaker) | German (studying A1)
